Special Instructions for Video and Time-based Work

Images: Image uploads *are required* on the application. Create still screen shots of your time-based work to upload. In the image information make it clear in the **Media** field that it is time-based. In the **Dimensions** field, include the **duration** (ex. 6min, 24sec) of the piece. You may also indicate HxWxD if applicable.

Video links: After the **Image Upload** fields, there is an optional **Time-Based Link** field for links to video work posted online. *Copy and Paste* the URL(s) to this field.

It is suggested that you create a single short **demo reel** of your time-base and/or video work that is no longer than 5 minutes long.

You may *Copy and Paste* up to 3 links. However the combined length of all video samples should be no more than 5 minutes. No more than 3 links, and no more than 5 minutes of video will be considered.

It is also suggest that you use a high-quality, and publicly available video hosting service, such as Vimeo or Youtube. You should test the links to make sure they are correct, and are viewable by anyone. Deadlinks and low quality videos will not be considered.
